

# Household Hazardous Waste Collection Day

## MOSA Schoharie Transfer Station

### Saturday, July 25th, 2009

On Saturday, July 25th, 2009, from 12:00pm to 4:00pm MOSA will hold a Household Hazardous Waste Collection Day in the Schoharie County area at the MOSA Schoharie Transfer Station located at 2805 Route 7 in Howes Cave, NY.

Every home has hazardous products that need to be disposed of safely. These items can be hazardous to the environment, animals and our families when they are stockpiled, abandoned or disposed of improperly. Bring these items as well as any electronics to the event and MOSA will ensure that they are disposed of and recycled properly at **no charge to you!!!**

**HOUSEHOLDS:** To regulate traffic flow, drop-off times are scheduled in 15-minute increments, alphabetically by **LAST** name.

**PLEASE** arrive at the appointed time!

If your last name begins with.....	Please arrive between.....
A	12:00 – 12:15
B	12:15 – 12:30
C	12:30 – 12:45
D	12:45 – 1:00
E -F	1:00 – 1:15
G	1:15 – 1:30
H-I	1:30 – 1:45
J - K	1:45 – 2:00
L	2:00 – 2:15
M	2:15 – 2:30
N - O	2:30 – 2:45
P -R	2:45 – 3:00
S	3:00 – 3:15
T	3:15 – 3:30
U -V	3:30 – 3:45
W-Z	3:45 – 4:00

@ 518-296-8884

**PLEASE** take note that the MOSA Facility will cease normal operations at 11:30am. Therefore regular garbage will **NOT** be accepted after 11:30am on July 25th, 2009.

Thank you for your cooperation.

*This event is partially funded by a Grant from the NYS Department of Environmental Conservation.*

# Did You Know?

## Used Motor Oil

The improper disposal of used motor oil can contaminate lakes, rivers, and groundwater. The used oil from a single oil change can literally contaminate a million gallons of fresh water.

Oil should never be dumped on the ground, put in the trash, or poured in the sewer or down the drain. Your best disposal option is to recycle used oil.

## Used Oil Filters

Used oil filters need to be handled with care. A used oil filter from a passenger car can contain a pint to a quart of oil. And even if a filter is drained overnight, it will still contain 2 to 8 ounces of used oil.

The U.S. Environmental Protection Agency requires used oil filters to be drained before they are discarded or recycled, in the interest of protecting the environment and your local community.

**You can make a difference by recycling your used motor oil.**

## It's the Law

In New York State, service stations that annually sell 500 gallons of oil and retailers that sell 1000 gallons of oil **MUST** accept up to 5 gallons of used oil per person per day – **at No Charge to You!**

New York State Law also requires auto battery retailers and distributors to accept, free of charge, up to 2 used batteries per month from any individual. Some local scrap dealers will purchase used batteries as well.

By appropriately recycling your oil and auto batteries you are keeping contaminants out of your drinking water, out of waterways, and away from marine and wildlife.

**For more information:**

[www.mosainfo.org](http://www.mosainfo.org)

So next time you change your motor oil or install a new battery do your bit to help minimize contaminating our soil and our waterways and recycle.
